

## PROGRAMME OF THE EVENT

‘WSEI University in the European Educational Space - Erasmus Week’.

Date: 26-30.05.2025

Venue: WSEI University, 4 Projektowa Street, 20-209 Lublin

Organisers: WSEI University, OIC POLAND WSEI University Foundation

#interdisciplinarity #inclusion #neurodiversity #highsensitivity #resilience #wellbeing #mentalhealth  
#innovation #internationalization #multiculturalism #international impact #sustainability #civic  
engagement #erasmus+

### Purpose of the event:

WSEI University's first Erasmus Week is a cornerstone of our 25th-anniversary celebrations, underscoring our commitment to impactful international collaboration. This week-long event is strategically designed to deepen relationships with our valued partners across higher education, public institutions, NGOs, and the business sector.

A primary objective is to showcase the demonstrable impact of joint Erasmus+ projects, emphasizing their contributions to fostering civic engagement, promoting sustainable solutions and addressing critical social needs. We will highlight best practices and lessons learned, creating a space for rich intercultural dialogue.

Erasmus Week is also an invitation to the academic community and the citizens of Lublin to actively participate in WSEI University's international initiatives. We are dedicated to ensuring the sustainability of our partnerships and maximizing their positive impact on society, with civic engagement as a guiding principle in all our endeavors. Join us as we explore how international cooperation can drive meaningful change and build a more sustainable and engaged future for all.

Adding further significance to this Erasmus Week, the event will be held during a landmark year for Lublin, as it proudly holds the title of European Youth Capital 2025. Furthermore, the week coincides with Poland's Presidency of the Council of the European Union, offering a unique opportunity to highlight the contributions of young people and the importance of international collaboration in shaping the future of European education and innovation.

This context will enrich discussions and provide a platform to connect our Erasmus+ initiatives with broader EU priorities related to youth empowerment and sustainable development."

29.05.2025

THEMATIC AREA:

## **Multiculturalism and diversity: inclusion, adaptation, and transition from education to the labour market**

The aim of the event is to present the synergy of different EU Programmes and initiatives supporting the organization of educational work placements.

- Opening of the event (10:00 CET)
- Introductory lecture: (10:30 – 12:00 CET)

### ***Environmental sensitivity, mental health and resilience in humanitarian crises***

- Professor Michael Pluess, University of Surrey, England

#### **AULA E**

- **Presentation of good practices in organizing educational work placements in an international company – based on Leonardo's experience with the City of Rome within the framework of the European Commission's European Apprenticeship Alliance initiative.**  
Ms Susanna Galasso, *Leonardo, Italy*  
Representatives of the Metropolitan City of Rome
- **Panel discussion with representatives of the City of Rome, the City of Lublin and invited guests, based on the solutions designed within the framework of the project: Cooperation model towards better transition from education to labour market (CAMP) 2024-1-PL01-KA220-VET-000252706**
  - Agrupación de Profesionales para el Desarrollo Internacional – Granada, Spain
  - Innovation Frontiers IKE, Athens, Greece
  - Ttterra, Techo.Trabajo Aps, Sicily, Italy
  - Cosvitec Est S.R.L., Bucarest, Romania

Partners will present the background of the project, coming from integration of the several initiatives, especially: experience in implementation of KA131 – mobility programmes in Sector of Higher Education as well as final conclusion of ISAAC project “International students’ Action for Adapting Cross-Cultural activities” 2020-1-PL01-KA203-082267. CAMP project integrates common experiences to challenge the objective: how to design inclusive educational work placements, focused on vocational skills as well as civic competences and green practices.
